Dear Best Western Members,

For your convenience, Best Western Supply has been busy reviewing products and compiling them into a user friendly listing that meet the requirements outlined in the Descriptor ballot. This document will be updated regularly, as to ensure that the best possible product offering is available to Members at all times.

- This guide is a tool to assist you in making the right choices to meet your hotel's needs. If you have any questions or concerns regarding meeting Best Western's design guidelines or Brand Standards, please call us.
- Our Design Hotline is also available to you for any questions or concerns at 877-337-4661.
- Bear in mind that the appropriate Brand Standards items listed in Exhibit B of the Descriptor ballot must be in place prior to installing signs for PLUS or PREMIER.
- As we review new products that become available, this Supply Ratings Guide will be updated as a new version.

We trust this guide will help you with the many choices that are available for Best Western®, Best Western PLUSSM, and Best Western PREMIER® hotels.

<p>* If exposed, the top sheet must have a tone on tone damask pattern (stripe, block, or similar), decorative piping, or another enhancement, unless it is a solid color other than white or is patterned. A 100% polyester fabric is recommended. (The term “tone on tone” refers to a fabric having more than one value of the same color.)</p>			
<p>** Examples of decorative pillows include: bolster pillow, rectangular or square pillow, boudoir pillow and Euro pillow. Pillow shams qualify, but two are required if they are sleeping pillow size and must be in addition to the standard sleeping pillow requirement.</p>			
<p>*** MATELASSE *** The French word, matelassé means “quilted,” “padded,” or “cushioned,” and in usage with fabric, refers to hand quilted textiles. It is meant to mimic the style of hand-stitched Marseilles type quilts made in Provence, France. Matelassé fabric can be either hand-stitched to create the decorative features of the fabric, or woven on a jacquard loom for the appearance of quilting. Matelassé fabric is a heavy, thick textile that appears to be padded, but actually has no padding within the fabric.</p>

Pillow Menu Guidelines - 2010

Studies have shown that the most effective avenue to increase Guest satisfaction is through implementing improvements of tried-and-true comforts of home. The importance of a good nights rest is essential in Guests return ratio. Hence, the Pillow Menu is the right step in the right direction in enhancing the value of the Best Western Chain by offering your Guests custom sleep options. Refer to Design Guidelines for Pillow requirements.

NOTE: The Pillow Menu does not comply with the Best Western Standards Guidelines of quantity of pillows required per bed, this program is as an enhancement to Guest Satisfaction.
